

DS&D URGA®

D.S. & DURGA was founded by David & Kavi Moltz.

“We started from scratch and did it our way (more Sid than Sinatra). We were pioneers in the DIY Brooklyn movement and began by turning things we loved into scented stories of cowboys, open terrain, Russian novel characters, and folk songs - all packed into handstamped boxes in our Bushwick apartment. Attention to detail and the importance of human hands are still vital to our process today”.

D.S. & DURGA is one of the only fragrance brands whose perfumer sits at the helm. Our scents evolve from carefully crafted narratives for a sensory experience that extends beyond just smell. Each perfume has stories, photos, films, and playlists. Kavi approaches her work like the architect she was trained to be. Thinking in angles, light, shadow, and texture, Durga seeks clarity in form and function. She builds buildings for our scents, cities for our universe.

D.S. taught himself how to make perfume by completely immersing himself in all things fragrant. He is dedicated to translating musical and literary spaces into scent. Each fragrance is conceived and constructed by D.S. exclusively. Our perfumes are all made in New York City - fragrances formulated in Brooklyn, bottles filled in the Bronx.

D.S. & DURGA aims to create fragrances that live on the level of great music, painting, and literature. a perfume is a world you can return to over and over again — a keyhole into far off places — material and imaginary.
